TO DO:

- Fixing the margins, so that everything would look more aligned.
- Fixing or creating a new home page, a very simple home page, with a carousel of pictures, occupying 2/3 of the space. leaving on the left a column for “isak boardman”, “projects, contact and info. Because the current one is a mess.

QUESTIONS:

- could it fit in the budget to make it responsive?
- and to create a wordpress template?
